

My Pictures

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Create your own picture site. This is a new project for me, get in on the ground floor and get your own free copy of the software. My Pictures has the ability to upload images, tag them by subject, add titles and descriptions. All tags are used dynamically to build menu and link pictures to similar pictures. Three demo sites available to see it in action.
