MyEclipse Enterprise Workbench is the most cost effective J2EE IDE on the market today. The Workbench was conceived by developers for developers with the simple intent of improving productivity. Designed to be simple, intuitive and affordable, MyEclipse Enterprise Workbench offers a phenomenal value and challenges the misconception that good development tools have to be expensive. For \$29.95, MyEclipse members have access to the Enterprise Workbench and its upgrades, as well as online support and tutorials. Best of all, they get a solid product, innovative features and a true end-to-end seamless J2EE development. Features include Web Development Tools, Productivity wizards and Application Server Integration, all packaged in a reliable double click installer.
