Address Contact Person Mobile Number Email lave\_addres

{value\_address} {value\_contact\_person} {value\_mobile\_number} {value\_email}

myFavorites is an easy-to-use Internet content collection manager. It not only stores URLs/titles - you can also add a comment to your bookmark, assign Importance to it, and even store a citation in HTML format from the favorite page. It is a real notes storage, with convenient tools for managing, searching, editing and much more! myFavorites supports a multilingual content and is conveniently embedded into your Internet Explorer's toolbar
