ocxQmail

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

ocxQmail provides all the functionality of OCXMail yet doesn't need to wait for mail to be physically sent which greatly speeds website responsiveness. Its FollowUpMail technology allows automatic scheduling of emails hours or days after the event. It queues up messages for batch delivery at intervals you specify in the Administration Windows GUI, letting you set up personalized email campaigns.
