Email	{value_email}

Agriya Volume is a fully customized music portal websites script that helps users to run a music portal site like Purevolume. Volume is a brand new social networking site designed for artists and bands to spread their music online, and for music lovers. Users can sign up in the Volume to listen to their favorite music, share comments, watch videos of album, and buy the MP3's. The software boasts an extensive list of features like sharing MP3 songs, publish albums, popularity charts, sharing music videos, member section and much more to please the audience and keep the fans up to date. It enables the various acts to build up a loyal fan base who can find out about their latest gigs, listen to their music and give reviews.
