Do you want to accept CC payments on your site, but do not want to deal with the hassle or cost of setting up a merchant account and gateway? Then the Paypal Website Payments Pro option is for you. You can accept Credit cards directly on your website without a redirect and setting it up is as easy as 1-2-3. All you need is a Paypal account and enroll in the Paypal Website Payments Pro plan and you are all set. This Module only works with OSCommerce. It integrates seemlessly and acts just like other payment modules. We also offer full shopping cart solutions with Paypal Pro in case you don't want/have OScommerce.
