

Performing once-a-day database management

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Once a day the CoverYourASP site automatically sends out email reminders and deletes members who haven't confirmed their email address for 10 days. This tutorial explains how to remove those who have not confirmed their email addresses for 10 days. Pure ASP, and the whole site source is available for free download.
