Photo Petition

Address   {value_address}

Contact Person   {value_contact_person}

Mobile Number   {value_mobile_number}

Email   {value_email}

Like its predecessors version plus uploading a photo from administer area and display total signators. All signatures requests confirmation from the administer and confirmed signatures saves in database and displays in the signatures list. Change any part of the sources and text to fit your needs and language. Easy to install, read userguid.doc in petition.zip to install the script step by step. If you have any questions, or are having difficulty installing the petition, we would be happy to help.
