The Automall website allows anyone to browse available autos for free. Listings are detailed through photos and information about the car to sell. Dealers and individual car sellers can also list their properties. After a new dealer has registered, S/he is able to select and buy a package depending on the number of offers they would like to post and on the duration their ad will be listed. The site comes pre-set with paypal and 2 checkout payment processors. The user features include the Free or Paid Ad Options, Multiple Currency Options, Site Statistics Display, Freshly Formated Ad Pages and a few more. The admin features include the Polls & Surveys addition, Google Adsense Integration, News Addition and a lot more.
