PHPMembers: Create Your Membership Website in Minutes

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

A user management system designed to help you create your e-commerce ready membership website in minutes. It protects your web content and supports unlimited members and groups. You can easily integrate it with CMS, blog, BBS, payment service and other 3rd party systems to create a powerful website. The system is template-based, so it is very simple to change its web style to fit into your website. It provides customizable forms to help you collect user information and control user access. Please try our online demo and download the program from our website now!
