Illustrated Online Bookmarks Script allow to start web 2.0 site there visitors may store and share their bookmarks (favorite links) with each other. Script has powerful admin backend (PHP/MySQL/AJAX) and doesn't require any knowledge of HTML or PHP to run. Unlike many other scripts this one allow to organize bookmarks as illustrated lists or tree-like structures with easy WYSIWYG editor. Shared links form pages which attract visitors from Google thus your traffic (and earnings!) will grow day by day.
