Installs on your web site an instant opt-in window that's not stopped by the popup killers - get your opt-in message to over 95% of your web site visitors! Visitor just clicks OK to subscribe. The window can be dragged around the screen like any normal popup, but it's all done with dynamic HTML so popup killers can't touch it. Just fill in a few values in the software, check it looks okay via the auto-preview function, and click to generate the code. Easily installed, and search engine friendly.
