Pre IP Blocking System is most enhanced anti fraud system. Block and control incoming site visitors Internet Protocols (IPs) and prevent your website from online frauds. This script allows website admin to block and unblock visitors Internet Protocols (IPs). Just enter a IP or range of IPs to block specific area or country. Included just one file into your required website pages and Pre IP Blocking System will start working. Also admin can unblock IPs from Administration Panel any time. Smart way to get rid of online frauds.
