Mobile Number	{value_mobile_number}
Email	{value_email}

We developed smart, professional, powerful, premium Wordpress Price Comparison Theme according to the current market trend. It is fully responsive and it automatically adjusts to desktop, tablet or mobile devices. Using Price Comparison Themes options and widgets you can manually add products and import your CSV / XML product feed, display your latest photos and much more as per category, subcategory and brands which helps users easily identify the costing and features.
