

Progress Wheel indicator

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Simple to initiate and control using only a few lines of code, this control is a powerful way of indication completion of processes to visitors. The control is highly customizable, supporting solid colour fills, radial gradients, images and transparency, meaning you can create irregular shapes exactly as you desire!
