Project BanBots - Spider Trap Script

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

This is an advance version of our popular Spider Trap script. E-mail address scavengers and other rogue bots that follow the hidden spider trap links will be automatically banned via a script activated .htaccess rewrite and the Webmaster will be notified by E-mail with full details of the transgression. Zip file download includes a .htaccess file, the banbot-trap.pl script and a 1 x 1 pixel transparent GIF file.
