

Pulldown Menu (Description)

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

If you have plenty of space on your webpage or just would like to use a more comprehensive menu list, then this script might suit you nicely. This script allows you to select a link from a scrolling text box and then displays a message concerning the link. It sends you off to the destination once you click on 'Go' button.
