

# Ranking Report tool

<b>Address</b>	{value_address}
<b>Contact Person</b>	{value_contact_person}
<b>Mobile Number</b>	{value_mobile_number}
<b>Email</b>	{value_email}

The Ranking Report tool is a small utility script that allows you to query the search engines to see how highly your website ranks. This query can be based upon a search term. Not only does this allow you to see how well you rank in your given fields but also how well your competitors rate and who your competitors are in any chosen field or search terms.
