

Reading and Parsing XML Files with Enterprise JavaBeans

Address {value_address}

Contact Person{value_contact_person}Mobile Number{value_mobile_number}

Email {value_email}

A step-by-step tutorial in which we will create a Session EJB which will read a given XML file. So in this tutorial you will learn two things; how to read XML files in Java and how to add this functionality in EJBs. Every step has been explained in detail.
