Readymade Job Portal Script

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Our Job Portal WordPress theme has very simple job management system, where the listings can be filtered based upon the job type, location, category and other parameters. With the help of our fully filled professional functions the consumers can easily browse your job board portal to find various entities like companies, resumes, jobs etc. Through admin you can add more than 10 different payment gateway, advertisement banners and membership package. So that we are more conscious on revenue for job site owners. To know further details about the script kindly contact us at +91-9841300660.
