2daybiz Real Estate Portal allows you to launch a powerful and professional looking real estate portals with rich functionalities for the private sellers, buyers and real estate agents to list properties for sale or rent, search in the database, and show featured ads. The private sellers can manage their ads at any time through their personal administration space. Our Real Estate Portal includes special functionalities for real estate agents to list and manage multiple ads, affiliates to earn commissions from the earnings and from property ads posted through their links. It also comes with a powerful back office application providing all control over the website like structure management, templates, server side forms, detailed statistics and the real estate portal to the administrators.
