RealLinkASP Free Live Chat Application

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Connect with your customers and support issues quickly and efficiently with this easy to use, easy to install FREE script. RealLinkASP allows multiple live chat sessions in real time. Chat sessions are logged to the MSQL database, which can be later searched for quality control purposes and knowledgebase like functions. This script is the perfect addition to any help desk, or online sales environment.
