Review Rotator

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

When Review Rotator's "Consider category" option is enabled, the software shows reviews from the current category only. These types of targeted reviews can help a customer decide which product to purchase or entice them to buy additional merchandise. Any number of Review Rotator blocks can be put into place on your store site using the standard Magento CMS.
