

# Right PDF Printer 3.0.1 SE [Server Edition]

<b>Address</b>	{value_address}
<b>Contact Person</b>	{value_contact_person}
<b>Mobile Number</b>	{value_mobile_number}
<b>Email</b>	{value_email}

The server edition designed specially for a server side processing, with user access management and command line. It also supports configuration as a shared network printer, Windows Terminal Server, and Citrix Metaframe environment. Users can send documents to a server printer and use all the advanced features: create PDF bookmarks, set document info, use preview without opening Acrobat, work with document stationary and security and more.
