Roommate Finder Solution is a product, which helps to start quickly online service for those who want to rent or lease a home or a room, or to find a roommate. After quick installation, you will get a Ready Roommate Site offering roommate matching service featuring roommate pictures, comments about the apartment and rooms to rent. You can also use it just as a section of your existing dating, real estate or other site providing your customer users with greater possibilities. Manage your users, their advertisements and options for renting rooms. Start your own online business; launch a Roommate Web Site in your country or city. Online demo is available so that you can enjoy the solution from inside. Our support managers are available 20 hours per a day to answer all your questions, assist you in your site setup and help with managing your site.
