

rtePad Rich Text Editor

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

rtePad is the easiest, most flexible rich text editor available, with full support for Microsoft Internet Explorer 5+, Mozilla Firefox 1.5+, Opera 9.0+, Apple Safari 1.3+ rtePad has been developed using 100% DHTML and Javascript. This means that unlike other popular rich text editors which rely on other scripting languages to offer full functionality, rtePad is ready to use out of the box and does not require any special plugins or server requirements and is compatible with ANY server side language. rtePad also generates 100% XHTML compliant markup regardless of which web browser is being used. rtePad can be easily integrated into any existing software such as forums or content management systems, or your own application with no programming knowledge required Integration Examples are included for: * ASP * ASP.NET * PHP * ColdFusion
