Schmortopf Java IDE

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

The Schmortopf IDE is driven by a JavaCC generated parser. It has code-completion, syntax styling, object and text search actions, projectdefinitions, integrated JavaDoc generation and display, integrated creation of simple or signed JAR and JNLP archives and an UML feature. It supports a set of predefined metal themes, which additionally contain the styles for the source editor and which you can adjust. The IDE User Interface is available in english, german and french, and comes with a language translation editor. Requires JSDK 1.3.1.
