

Screen Calipers Mac Edition

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

The Screen Calipers can be used with any program where fast and accurate measurements are required. Manipulating the application is simply accomplished through use of the mouse, and a variety of keyboard controls allow for extra fine alignment. Originally created for graphics and web professionals for onscreen html layout, the Screen Calipers are currently being used by thousands of people for hundreds of uses.
