<b>Address</b>	{value_address}
<b>Contact Person</b>	{value_contact_person}
<b>Mobile Number</b>	{value_mobile_number}
<b>Email</b>	{value_email}

ScriptMate User Manager is an Advanced User Manager System and Password Protection System. It allows you to signup users with custom registration forms, provide multilevel password protection and manage the registered users. It can be easily integrated with any existing ASP application. It can be used with MS Access or MS SQL. Version 2.1 includes many new features like Ip security, 10 additional fields, multiple login security, message queueing for bulk emailing.
