

# Scrollbar Styler for Dreamweaver

<b>Address</b>	{value_address}
<b>Contact Person</b>	{value_contact_person}
<b>Mobile Number</b>	{value_mobile_number}
<b>Email</b>	{value_email}

The Scrollbar Styler Extension for Dreamweaver allows you to easily add customized scrollbars to your website. Simply select a base color, and the wizard will generate a color theme. Make adjustments as desired, click OK, and your page will have styled scrollbars. The last settings you used are automatically memorized, so that you can reuse themes. You can also save multiple themes for later use.
