Easily add a search engine to your website in minutes. Search Engine is a powerful search engine that creates an index file every time a search is performed, resulting in much faster searches. It also includes a Search Form generator, meaning you can quickly create the HTML code needed to add a search engine to your website. Other features include boolean searches, complete control over the look and feel of the search form and search result templates, create categories so visitors can search the entire site or choose to search individual sections, complete reports and stats on what your users are searching for, and much more. Rebrand Search Engine as YOUR product to resell to your customers. Search Engine includes a Free Installation, lifetime Free Support and Free Upgrades. Risk free 90-day Money Back Guarantee or try the Online Demo, Free!
