

## Search Engine List for phpBB

<b>Address</b>	{value_address}
<b>Contact Person</b>	{value_contact_person}
<b>Mobile Number</b>	{value_mobile_number}
<b>Email</b>	{value_email}

this mod will display a directory of major search engines that link to your website. This may increase your site's SEO since visitors and bots that may following these links will pull up the search results for your site. Be sure to check out the demo to see how this works.
