Email	{value_email}

Share Life Moments script enables you to create a site of memories. The user can share incidents, events, photos, videos or anything like that on the site. Above all a user will be able to buy a moment and encapsulate that moment forever. The purchased moment will become the property of the user and he can share it with family or friends. The script has many features: one can buy or gift a moment, can put the moment in particular categories, statistics of the shared data and many more. This script support multiple languages as well.
