

# Shopping Cart Editor for Magento

<b>Address</b>	{value_address}
<b>Contact Person</b>	{value_contact_person}
<b>Mobile Number</b>	{value_mobile_number}
<b>Email</b>	{value_email}

Shopping Cart Editor enables your shoppers to edit Custom Options, Configurable Product Options and Bundled Product Options right in the shopping cart. This means that when your shoppers change their mind about some details in their order, they won't change their mind about making the purchase. This is a must-have for stores that carry products with custom options, configurable and/or bundled products. The extension comes with a User Manual and is 100% Open Source. The extension is available for Magento Community Edition and Magento Enterprise Edition.
