<b>Email</b>	{value_email}

Complicated making orders process can prevent your customers from making purchases in your Magento Stores. Because they have to pay much of time for it. Thus, the requirement for Magento developers like Magebuzz Co is developing a module that make this process more simple. And finally, we found out the solution named Simple Checkout. As its name, Simple Checkout brings you a simple checkout process. Customers can finish their full orders included billing address, shipping method and pay method in the same page. Moreover, the module still keeps brilliant features of Magento standard, such as multiple address, terms and conditions... Customers always come to sellers who brings them the highest value. You protect their time for ordering that means you give them more benefits. Just a few minutes to install Simple Checkout, you perfectly can do that.
