

Simple timer on mouseover

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Two methods to display a timer on mouse over of a HTML link. One with the change of label, the second one to display the dynamic timer only onmouseover of a link. The position of the timer are customisable. This works in all versions of IE and NS including 6.0 and 7.0 version.
