PHP Scripts Mall developed a Single Theatre Booking Script. This Theatre Management Software is a right choice for single theatre owners and powerful tool for online business. You can choose our Theatre Booking Software because it has several attributes like access the counter booking, online booking and advance booking. All these bookings can be done effortlessly. Advantage of the script is that it includes consolidated in-built payment gateway, high certainty and user friendly navigations. The script is supported by innate graphical user interface. Our script can manage the ticket management system, ticket availability and varied classes of tickets easily. For More Details: http://www.phpscriptsmall.com/product/single-theater-booking-script/
