Site Switcher (jQuery)

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

The "Site Switcher" is modular application with three components; switcher, assign and dashboard. Any of the three plug-ins can be used on their own, or together. It can be useful for corporate or other websites where such kind of functionality is required. It can also be quite handy for things like presentations, top-frames, navigation, online documentation etc.
