

Site-Update

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

This Perl script allows you to easily administer and modify any given web pages of yours on-line. It can be used for any Web pages that need frequent updates such as News pages, guestbook, etc. It allows you to specify layouts and targets for the area to be updated. Please note the documents are written in German.
