

SiteAccessManager

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

This application stores all of your site info in one convenient secure location. Keep your usernames, passwords, mail and ftp settings, client info, set up info, and anything else that your team will need to find quickly and easily. Don't waste a minute looking for site info or hours building your own system!
