SlyZone.com Search Engine (ASP)

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

This ASP script provides an interface to SlyZone.com Search Engine. It allows you to query its search engine and display the results on your website. The system is fully customizable. Users can perform searches by clicking on keywords or by using the search box. You can choose keywords that best fit your site theme and organize them. This ZIP package includes the result.asp file that retrieves results from its server and the index.asp file using to call the result.asp page.
