

Smart Date Picker ASP.NET Calendar Web Control

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Smart date picker comes with many convenient features and has a very sophisticated formatting mechanism, Advanced JavaScript API and Event Model. For the end-user, Smart date picker is easy to use, and for the developer it is easy to implement. In the other hand, its smart features like Globalization, Special Dates, Min/max date and Footer free text give the developer powerful tools to create complex web application.
