Social Popup is a plugin for WordPress that allows you to add a highly customizable social popup box to your blog or website. It appears once users visit your website. Once raised popup box asks visitors to like webpage on Facebook, +1 on Google, share on Twitter or LinkedIn. Popup box is configured through settings page. This plugin this plugin can be used as soft post/page locker. As an administrator you can decide what posts/pages to lock. Google, Facebook, Twitter and LinkedIn are in TOP10 most visited websites in the World. All together they have over 1.2 billions of registered users. Could you imagine more successful spots to promote your website? Social Popup plugin will help to get more organic traffic from Google Search and add thousands of fans to your WordPress site on Facebook, Google Plus, Twitter and LinkedIn. More fans is more traffic.
