Mobile Number	{value_mobile_number}
Email	{value_email}

This software designed for the internet, it will serve to your visitors a fully functional slot machine game that needs no plug-in's or downloads. The game images are refreshed after the game is played through, so there is no interruption as the game is played. The software is designed specifically for the Apache http server, but will also run on any other server on remote or local systems.
