SS PHP JOB BOARD is most enhanced job boards for internet job seekers and providers. Easily customizable and fully featured job board written in PHP and using MySQL database. A clean and efficient administration area where operators may post jobs, extend/show/hide existing jobs, find registered candidates and peruse CVs/Resumes. Locations, Sectors, Career Levels and Educational Qualifications are each editable through admin. This website script may be incorporated seamlessly into any existing PHP site and also supports enough features to be a standalone website in itself. Ideal for recruitment agencies and job sites. Full technical support included.
