Static Menu Script

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Add an elegant, visible-from-the-start static menu to your site with this script. Both the menu's dimensions and its static location on the page can be easily configured, making it a piece of cake to integrate the menu to conform to your site's layout.
