

StepWeb's Counter

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

This is a script that will count every visitor to your website. This counter shows the result or number of hits in text. To call this script, you will need to be able to run SSI scripts. The script can handle multiple hits at a time. It also tracks daily hits and resets the counter daily.
