

TechiWarehouse PHP Tutorial

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

It covers all the basic in neat and clean manner. Its recommended for beginner and those that have just passed the beginners mark. Also good for those who want to brush up on the basics. Its intent was to make PHP welcoming for the beginners and not to make the whole intro sound too technical...
