

TextCounter by Matt Wright

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

TextCounter requires Server Side Includes and will display a text count of the number of visitors to a page in your web site. TextCounter includes options such as 0 padding numbers, file locking, linking from the count, displaying the date from when the count began and more.
