

The hidden impact of WS-Addressing on SOAP

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

The WS-Addressing protocol might not seem like much at first glance. But it establishes message information headers that will make new Web services message flow patterns possible -- and that's something that will have a profound impact on SOAP engines and the future of the SOAP protocol itself.
